

Secretary's Report on the April Class Pack Meeting

The April meeting was held after swap meet setup at the Altamont Fairgrounds on April 11, 2008 15 members present.

After a great cookout thanks to Dennis Overton and everyone who brought goodies, President Larry called the meeting to order.

Bill Douglas reported on the Neoga Days Car Show to be held on June 14

Final t-shirt sign-up was held, if you want a 2008 club t-shirt you had better hurry and call Bill Douglas.

We discussed web site problems, it seems Yahoo is doing some changes and may be causing some of the problems.

We agreed to meet at Lake Land College April 16 @ 6:00 to look at the electric VW project and see if we want to paint it as a club project.

Kevin Hamilton mentioned Landon Stuckey, a young boy who has cancer, there is a benefit for him on April 19. Also we need to collect pop can tabs to help with his medical expenses, so save them up and bring them to Kevin next meeting.

Leland gave us some last minute instructions for the swap meet.

Some dates to remember: May 3 Big Al's Car Show at Lake Land
 May 13 Douglas Nursing Home Cruise-In at 2:00
 May 16 Open House at Neoga Youth Center
 May 17 Newton High School Car Show
 May 18 Toledo Car Show with **Class Pack Meeting**

at 12:00

Follow-up:

The Swap Meet went fairly well considering Altamont was the coldest spot in Illinois.

Thanks for the big turn out at Lake Land on Wednesday; I hope the VW paint project will be beneficial to the club. We can give it that "Class Pack" touch!

Alan Clodfelter

CLASS PACK SWAP MEET

I would like to thank everyone that helped putting on the swap this year. It was a great success thanks to all the members and their families. It was another cold & wet day but through it all the Class Pack members did a great job!

See me or Alan for complete details on the financial end of things.

We had 65 vendors this year, down from last years 72 vendors total. We had pre-registered vendors that didn't show up due to the weather. We had 757 spectators, down from 1000 last year, that came to buy. Most all of the vendors did well and will be back next year. (if the weather is better) don't know if we can to that!!----- or should we? It's almost a tradition to have bad weather for our swap.

Thanks again to all that helped and we're looking to next year and the 22th swap meet.

Anyone want to take over the swap next year?

Call me.
Leland

The Lubester Project at the Swap Meet. Sell those Raffle Tickets

PREZ SEZ

Swap meet done, not a bad result considering the weather. Pizza party was quit tasty. Tee-shirts ordered & should be ready in a week or so. Car show flyers are being handed out. Tickets for the lubster being sold. Things seem to be motoring right along.

New project-Lakeland electric VW. This project will require some additional work by the members, so if you have extra time you could put in besides the Wed nites it would really help.

Don't forget to save those tab tops for Landon Stuckey.

I believe the Web site is back running again. Still need pictures of member vehicles.

Lots to do in the next couple of months-see Alan's minutes.

Next meeting Toledo Car Show, May 18,12:00 PM.

Larry Wesch
