Update from Jeff

Hey,

Well fall has fell! Larry's "Bad to the Bone" bike and car show is over and what a show it was! The count I got was 167 cars and 14 bikes, and the "Kount" didn't scorch his cape. Now that is a good show, there was something for everyone. I think we're lucky to have such a talented couple in our club, as Larry and his wife Chris!

OK, the club outing is set up for Oct. 28th. That's a Saturday, so hopefully we'll have a good turnout. The plans at this time are;

Meet and leave from Foxridge at 9am (sharp)

Stop at Stutesman's Salvage Yard

Stop at Moonshine for lunch

Stop at Mike Fisher's for a club meeting.

If the weather is good it should be a lot of fun. If you cannot make the whole outing, try to join up along the way. Bobby Stutesman advised "wear boots if it's been raining"!! Another piece of advice, the grill is shut off at 12:30 at Moonshine no exceptions.

Mike Fisher agreed to the meeting at

his interesting home, if everyone would bring a mug for his mug tree. He wouldn't say what kind of mug, just one he could hang on their tree. Time to be creative guys!

Nothing new on the Buckles and plaques, last word I received was the foundry was running behind.

Did you know when the first drive-in movie was? (1933 in Camden, NJ)

Keep on keepin on!

JG

September Meeting Notes

September 19th Meeting:

Jeff Gannaway called the meeting to order.

Old business,

Belt buckles and plaques are at the foundry and should be here soon.

Members that have not paid are:

John Uphoff

Roy Overton

Blake Mars

See Jeff for amount that you owe or be

at next meeting.

New business:

Ray Weaver (an old Class Pack member) was wanting some old cars to transport his daughter's wedding party from the wedding to the reception on Oct. 28th. If you are able to help please give Ray a call for more info. 895-5555 or 895-3597.

Jeff is planning a road trip on the 28th of October as well. More info will be coming soon.

This may also be the time for our October meeting. October is the time we nominate officers.

Discussion was brought up about having a

current officer hold an office for more than one consecutive year. This will be up for discussion and put into a motion for next meeting.

Norm made a motion to purchase tires and wheels from Jay Romack for \$50.00.

These were borrowed last year and have been on the club trailer. Motion voted and carried.
